

DALLAS SKYLINE JUNIORS VOLLEYBALL

Player Release Form

Dallas Skyline Juniors Volleyball Association represents USA Volleyball for juniors. When we travel as a team, each athlete is covered by USA Volleyball's insurance as a secondary provider. This insurance is only affective if a coach or registered chaperone accompanies the athlete. It is also USA Volleyball's policy to be accompanied by a parent/guardian, or a USA Volleyball registered chaperone/coach when on a trip that involves flying or traveling as a team unless otherwise released by a parent/guardian.

During our trips that are out of state, we have two registered haperones/coaches per team that will be driving the vehicles provided for the girls. If the players are allowed time to spend on their own in the care of a parent/guardian, we need to have written consent from a parent/guardian for the athletes whose parents are not present to be released to the supervision of another parent on the trip.

If we do not receive anything back from you then we will take responsibility for their transportation the entire trip and your daughter will not be allowed to ride with anyone other than the chaperones/coaches.

Thank you for your cooperation.

Please fill out the section below to release your child into the care of another parent.

I (parent/guardian)_____ give (designated other parent)_____ permission to take responsibility for my daughter (name)_____ if she is given free time to spend other than with the team.

Parent/Guardian Signature_____ **Date**_____
